Who we are

Eko Estates builds and sells villas in the Western Ghats. The team behind it has spent 8 years running holiday homes for guests, and that experience shapes every house we put up for sale.

We know which rooms a group actually uses, where people gather in the evening, and what a house needs to stay in good order through a Ghats monsoon. Those lessons are in the plan before the first wall is built.

Once the house is yours, we can go on running it for you under a contracted rental agreement, or simply keep it ready for the days you want it to yourself.

About Igatpuri

Igatpuri is a small hill town at about six hundred metres, on the crest of the Sahyadri where the Kasara ghat tops out onto the Nashik plateau. The air is cooler than on the coast, the monsoon comes early and stays long, and by August the valleys around the town are green from one ridge to the next.

It is best known for Dhamma Giri, one of the largest Vipassana meditation centres in the world, founded here in 1976, and for the reservoirs and waterfalls that fill every rainy season. Since June 2025 the Samruddhi Mahamarg has run from Thane to Igatpuri, passing beneath the ghat through a tunnel almost eight kilometres long.

The Samruddhi Mahamarg

Six lanes from Thane, with an interchange at Igatpuri and the Kasara ghat taken underground.

Trimbakeshwar and Nashik

The Simhastha Kumbh Mela opens on 31 October 2026, with its main bathing days in August and September 2027.

Bhandardara

Arthur Lake, the Wilson Dam of 1910, and Kalsubai, the highest peak in Maharashtra.

Black Mirror Villa

A six-bedroom villa near Kasara, ready to move into, with a private pool, a poolside gazebo and space for large groups.

Black Mirror Villa is a modern house in a gated community near Kasara, on the Igatpuri side of the ghat, surrounded by greenery and cool mountain air.

It is built for big gatherings. Six bedrooms over two floors, a living room that opens onto the lawn, and a poolside gazebo that seats twelve mean the whole group has somewhere to be together, and somewhere to get away.

The private pool and lawn are the centre of the house, with a separate shallow pool for children and an indoor games area for the evenings.

How the rental compares

A house in the hills you will want to use, with a rental yield well above what property usually delivers.

Residential property, India Typical gross rental yield; about 2–3% in Mumbai		about 3%
Commercial property, India Typical gross rental yield		5–7%
Black Mirror Villa, Assured Agreement Contracted, for the 48-month term		10% p.a.

Assured Agreement

We run the house. 10% p.a. of the purchase price is credited monthly by the 10th, occupied or empty, fixed for 48 months, with 24 owner nights a year.

Private Use

The house is yours all 365 nights, with no fixed rental and no lock-in. We can keep it ready for you with paid facility management.

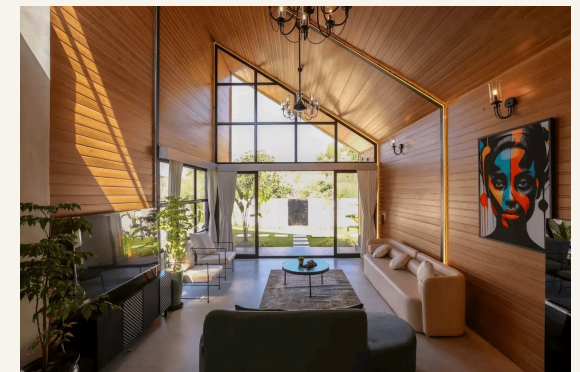

Market figures are typical gross rental yields for Indian property: residential about 2–4%, commercial about 5–7%. They vary by city, property and date, and are shown for comparison only. The villa figure is the contracted rate under the Assured Agreement, as a percentage of the purchase price, for the stated term; its terms are those in the signed agreement.

How the house is laid out

The house is on two floors. Four bedrooms are on the ground floor and two upstairs. Five have their own bathrooms, and a sixth bathroom serves the house; two of the bathrooms have bathtubs.

The living room sits at the centre of the ground floor and opens onto the lawn and the private pool. Beside the pool, a covered gazebo with seating for twelve becomes a second living room outdoors, set up for games and film nights.

There is an indoor games area and a shallow children's pool.

About this brochure

This brochure was generated from the property record held by Eko Estates on 7 October 2026. It is for information only and is not an offer or a contract. The terms of any purchase, and of any agreement for the running of the house, are those in the documents you sign.

Monthly, annual and full-term amounts are calculated from the purchase price, the rate in force and the term on the date of generation. The rate that applies to you is the one written into your agreement on the date you sign it.

Photographs are of this property unless captioned otherwise, and may be cropped to fit the page. Furniture and styling may differ from what is included in the sale; the inclusions are listed in the agreement.

Areas are as recorded for the property. Travel times and distances are approximate, by road from the property gate. Descriptions of the area are for general interest and form no part of any agreement.

Title, NA conversion and certificates are as recorded on the date of generation. Copies are available on request.
